1.0 Introduction

- a. Players participating in organised football are either amateurs or professionals. A professional is a player who has a written contract with a club and is paid more for his footballing activity than the expenses he effectively incurs. All other players are considered to be amateurs.
- b. Youth players shall not be subject to the Player Registration Regulations and may register freely until the season in which their 10th birthday occurs, subject to individual competition rules.
- c. **The following regulations shall apply for amateur players registering for their club to play in purely amateur competitions. Competition rules shall determine if a competition is to be purely amateur (for the avoidance of any doubt if a competition's rules do not explicitly exclude professional players from participating then it shall not be considered to be a purely amateur competition and the Professional Game regulations shall apply).**
- d. All amateur registrations shall be administered by Clubs/Leagues using the Comet FMS.
- e. All Club registrars shall act as agents for the Association and will be obliged to agree to the terms and conditions of the access to and use of the Comet FMS.
- f. Appointed league officials shall have full access to player registration records within their own league and will have full administrator rights to assist clubs as and when required. Such officials will be obliged to agree to the terms and conditions of the access to and use of the Comet FMS.
- g. A player not registered with the Association who appears for a club in any official match shall be considered to have played illegitimately. Without prejudice to any measure required to rectify the sporting consequences of such an appearance, sanctions may also be imposed on the player and/or the club by the organising body of the competition concerned.
- h. It shall be the responsibility of clubs playing in any match to be played under the jurisdiction of the Association to ensure that its players are eligible to play in such a match.
- i. Professionals who end their careers upon expiry of their contracts and amateurs who terminate their activity shall remain registered at the Association of their last club for a period of 30 months. This period begins on the day the player made his last appearance for the club in an official match.

2.0 Number of Registrations/Clubs

- a. Each association must have an electronic player registration system, which must assign each player a FIFA ID when the player is first registered. A player must be registered at an association to play for a club as either a professional or an amateur in accordance with the provisions of article 2 (FIFA Regulations on the Status and Transfer of Players). Only electronically registered players identified with a FIFA ID are eligible to participate in organised football. By the act of registering, a player agrees to abide by the statutes and regulations of FIFA, the confederations and the associations.

- b. A player may only be registered with a club for the purpose of playing organised football. As an exception to this rule, a player may have to be registered with a club for mere technical reasons to secure transparency in consecutive individual transactions (cf. Annexe 3 of the FIFA Regulations on the Status and Transfer of Players).
- c. A player may only be registered with one club at a time.
- d. Players may be registered with a maximum of three clubs during one season (the period from 1st August to 31st May, and in the case of NIFL Women's Premiership and NIWFA from 1st March to 31st October). During this period, the player is only eligible to play in official matches for two clubs, subject to the temporary exception below. As an exception to this rule, a player moving between two clubs belonging to associations with overlapping seasons (i.e. start of the season in summer/autumn as opposed to winter/spring) may be eligible to play in official matches for a third club during the relevant season, provided he/she has fully complied with his/her contractual obligations towards his/her previous clubs. Equally, the provisions relating to the registration periods (article 6 – FIFA Regulations on the Status and Transfer of Players) as well as to the minimum length of a contract (article 18 paragraph 2 – FIFA Regulations on the Status and Transfer of Players) must be respected.
 - i. This exception may also apply to players moving between two clubs belonging to domestic leagues with overlapping seasons.
 - ii. In accordance with article 5.4.i – FIFA Regulations on the Status and Transfer of Players), during the following period, players may be registered with a maximum of three clubs and are eligible to play official matches for three clubs during one season:
 - a. for associations following a dual-year calendar: the 2019/20 and 2020/21 seasons; and
 - b. for associations following a single-year calendar: the 2020 and 2021 season.
- e. Under all circumstances, due consideration must be given to the sporting integrity of the competition. In particular, a player may not play official matches for more than two clubs competing in the same national championship or cup during the same season, subject to stricter individual competition regulations of member associations. (FIFA Regulations on the Status and Transfer of Players).
- f. Notwithstanding any of the above, a player may only register for any club twice in one season.
- g. In the event of the Association receiving formal notification, in writing, of a club ceasing to exist all amateur players registered with said club during the current season shall be immediately released from their registration and free to register with another club, subject to compliance with the relevant league's rules. For the avoidance of any doubt the club who cease to exist will not be counted in the number of clubs for which the player has been registered in the current season.

3.0 Registration Periods

- a. Players may only be registered during the official registration period for purely amateur competitions which shall open on 4 July 2021 and close on 31 March 2022.
- b. Players participating in NIFL Women's Premiership organised competitions during 2021 may be registered during the following periods:
 - 1 March 2021 – 9 May 2021
 - 12 July 2021 – 31 July 2021
- c. Players participating in NIWFA organised competitions during 2021 may be registered during the period 1 March 2021 to 7 August 2021.

4.0 Reacquisition of Amateur Status

- a. A player registered as a professional may not re-register as an amateur until at least 30 days after his last match as a professional (and provided the previous registration has either expired or been cancelled).
- b. No compensation is payable upon reacquisition of amateur status. If a player re-registers as a professional within 30 months of being reinstated as an amateur, his new club shall pay training compensation in accordance with Article 20 of the FIFA Regulations on the Status and Transfer of Players.

5.0 Amateur Registrations

- a. All amateur registrations must be submitted via the Comet FMS by Club Registrars.
- b. All mandatory fields of the Comet FMS must be accurately completed in full before a registration is confirmed. The player shall be considered registered upon completion of the online procedure and an email confirming the player's registration will be automatically sent to the email address provided by the player to the club and entered in the Comet FMS. Any player who is under the age of 18 on the date of registration must have the email address of a parent or guardian entered in the Comet FMS. In the event that a player, or in the case of a player under the age of 18 their parent or guardian, does not consent to the registration of the player they should immediately contact the Irish Football Association who will investigate the matter and either confirm or terminate the registration as appropriate.
- c. The length of an amateur registration shall be from its effective date until 30 June 2022. Re-registration of players is available via Comet FMS from 9 June – 3 July. While players participating in NIFL Women's Premiership and NIWFA Leagues can be re-registered during 1 March – 30 April.
- d. Priority of registration shall determine the eligibility of a player to play for the club with which he was first registered.
- e. In the event of a team whose club participate in both professional and purely amateur competitions such clubs shall be permitted to register players outside the fixed registration periods for the professional game (but within the amateur game registration period (4 July – 31 March) but such players so registered shall be restricted to playing for the team who

participates in purely amateur competitions. Such player will only become eligible to participate in a professional game competition at the commencement of the subsequent registration period.

6.0 Transfers

- a. Amateur players moving clubs will be required to complete a transfer. The transfer instruction must be submitted via the Comet FMS and approved by both clubs involved in the transfer.
- b. No club or player shall be involved in a bridge transfer.
- c. It shall be presumed, unless established to the contrary, that if two consecutive transfers, national or international, of the same player occur within a period of 16 weeks, the parties (clubs and player) involved in those two transfers have participated in a bridge transfer.
- d. The FIFA Disciplinary Committee, in accordance with the FIFA Disciplinary Code, will impose sanctions on any party subject to the FIFA Statutes and regulations involved in a bridge transfer.

7.0 International Transfer Certificates (ITC)

- a. An amateur player whose last registration was held outside Northern Ireland may not be registered with a Club unless the Association has received an International Transfer Certificate (ITC) issued by the National Association which the player wishes to leave via FIFA TMS.
- b. A player shall not, under any circumstances, be authorised to play in official matches for his new Club until an ITC has been received by the Association.
- c. Instructions must be entered on to FIFA Transfer Matching System (TMS) by the club/s involved in accordance with FIFA TMS guidelines.
- d. The ITC may not be made subject to any conditions. In particular, the validity of an ITC shall not be restricted to a certain period and any clauses to this effect appended to the certificate shall be considered null and void.
- e. The registering association is obliged to provide the club with which the player is registered with a player passport containing the relevant details of the player. The player passport shall indicate the club(s) with which the player has been registered since the season of his 12th birthday. If a birthday falls between seasons, the player passport shall indicate the club with which he was registered during the season following his birthday.

8.0 Loan of Players

The loan of amateur players is not permitted.

9.0 Cancellation of a Registration

Cancellation of an amateur player shall only be administered by the Irish Football Association to cancel an amateur player's registration where he/she is moving to another national association.

10.0 Protection of Minors

1. International transfers of players are only permitted if the player is over the age of 18.
 2. The following five exceptions to this rule apply:
 - a) The player's parents move to the country in which the new club is located for reasons not linked to football.
 - b) The player is aged between 16 and 18 and:
 - i. the transfer takes place within the territory of the European Union (EU) or the European Economic Area (EEA); or
 - ii. The transfer takes place between two associations within the same country.

The new club must fulfil the following minimum obligations.
 - iii. It shall provide the player with an adequate football education and/or training in line with the highest national standards.
 - iv. It shall guarantee the player an academic and/or school and/or vocational education and/or training, in addition to his football education and/or training, which will allow the player to pursue a career other than football should he cease playing professional football.
 - v. It shall make all necessary arrangements to ensure that the player is looked after in the best possible way (optimum living standards with a host family or in club accommodation, appointment of a mentor at the club, etc.).
 - vi. It shall, on registration of such a player, provide the relevant association with proof that it is complying with the aforementioned obligations.
 - c) The player lives no further than 50km from a national border and the club with which the player wishes to be registered in the neighbouring association is also within 50km of that border. The maximum distance between the player's domicile and the club's headquarters shall be 100km. In such cases, the player must continue to live at home and the two associations concerned must give their explicit consent.
 - d) The player flees his country of origin for humanitarian reasons, specifically related to his life or freedom being threatened on account of race, religion, nationality, belonging to a particular social group, or political opinion, without his parents and is therefore at least temporarily permitted to reside in the country of arrival.
 - e) The player is a student and moves without his parents to another country temporarily for academic reasons in order to undertake an exchange programme. The duration of the player's registration for the new club until he turns 18 or until the end of the academic or school programme cannot exceed one year. The player's new club may only be a purely amateur club without a professional team or without a legal, financial or de facto link to a professional club.
3. The conditions of this article shall also apply to any player who has never previously been registered with a club, is not a national of the country in which he wishes to be registered for the first time and has not lived continuously for at least five years in said country.

4. The following general principles shall apply:
 - a) Every international transfer according to paragraph 2) and the first registration according to paragraph 3, as well as every first registration of a foreign minor player who has lived continuously for at least five years in the country in which he wishes to be registered, is subject to the approval of the sub-committee appointed by the FIFA Players' Status Committee for that purpose if the concerned minor player is at least ten years old. The application for approval shall be submitted by the association that wishes to register the player. The former association shall be given the opportunity to submit its position. The sub-committee's approval shall be obtained prior to any request from an association for an International Transfer Certificate and/or first registration.
 - b) If the minor player concerned is under the age of ten, it is the responsibility of the association that intends to register the player – as per the request of its affiliated club – to verify and ensure that the circumstances of the player fall, beyond all doubt, under one of the exceptions provided for in paragraph 2 above or the five-year rule (cf. paragraphs 3 and 4a)). Such verifications shall be made prior to any registration.
 - c) Under special circumstances, a member association may submit a written request through the Transfer Matching System (TMS) to the sub-committee, seeking a decision granting it a limited minor exemption ("LME"). The LME, if granted, relieves the member association, under specific terms and conditions and solely for amateur minor players who are to be registered with purely amateur clubs, from the obligation to make a formal application for approval through TMS to the sub-committee in accordance with paragraph 4a) above and Annexe 2 of these regulations. In such a case, prior to any request for an ITC and/or a first registration, the association concerned is required to verify and ensure that the circumstances of the player fall, beyond all doubt, under one of the applicable exceptions provided for in paragraph 2 above or the five-year rule (cf. paragraphs 3 and 4 a) of FIFA Regulations of the Transfer and Status of players).
 - d) The Disciplinary Committee, in accordance with the FIFA Disciplinary Code, will impose sanctions for any violation of this provision. In addition, sanctions may also be imposed on the former association for issuing, when applicable, an ITC without the prior approval of the sub-committee, as well as on the clubs that were involved in the transfer of a minor.
5. The procedures for applying to the sub-committee for a first registration and an international transfer of a minor are contained in Annexe 2 of the FIFA regulations on the Status and Transfer of Players.

11.0 Transfer Disputes

- a. Where a club has not responded to a transfer request for an amateur player within 7 days the League (if both clubs are in membership of the same League) or the IFA (if both clubs are in membership of different Leagues) shall terminate the former registration to enable the transfer to be completed unless 11b applies.
- b. Where a club objects to a transfer request for an amateur player they must notify their League / IFA within 7 days. Proceedings will be instigated to arrange a dispute resolution hearing.
 - i. If both clubs are in membership of the same League such hearing shall be considered by that League.

- ii. If both clubs are in membership of different Leagues such hearing shall be considered by the IFA Player Registration Sub Committee.
- c. All registration disputes will be dealt with on a case by case basis.
- d. Any club who rejects the transfer of an amateur player within 7 days, without just cause, shall be fined a minimum sum of £100.
- e. In the event of any transfer dispute being officially reported to the Association less than 7 days before the expiry of a registration period the Player Registration Sub Committee shall have discretionary powers on a case by case basis to approve such registration.

12.0 Domestic Training and Development Compensation Regulations

- b. Domestic Training and Development Compensation shall only be paid when a player moves between clubs in membership of the Irish Football Association.
- c. Training compensation is due when:

- d. Compensation will only be claimable from the start of the season of the players 12th birthday up to the end of the season of the players 21st birthday.

Training compensation shall be payable until the end of the season of the player's 23rd birthday.
- e. In order for compensation to be due the player must be registered as a professional player with the new club, regardless of his status with the former club.

Categorisation

Under the FIFA Regulations on the Status and Transfer of Players, Senior Football in Northern Ireland holds Category 3 Status with all other levels below Senior Football being assigned Category 4 status. Training Compensation is not due if a player is transferred to a category 4 club.

There are 3 categories in Northern Ireland:

- i. Senior Football
- ii. Intermediate Football
- iii. Junior / Youth Football

The compensation types are as follows;

1. Basic Compensation – Upon the completion of the first professional registration of a player a basic initial compensation payment at a flat rate of £250 per full season is paid to all training clubs who have provided training during the training period.
2. Conditional Compensation – Conditional compensation payments shall be due to the training club or clubs upon the player reaching particular milestones as identified below:-

ANNEX 1

Domestic Training and Development Regulations

Adoption and Enforcement

The Irish FA Football Committee is the responsible body for overseeing the implementation of these regulations which were adopted by that committee on 12th March Football Committee Meeting. The regulations come into force from 1st August 2020 and will be reviewed every 3 years.

Compensation Principles

Compensation to training clubs is activated upon the first professional registration of a player providing that such professional registration is confirmed prior to the conclusion of the season of the player's 21st birthday.

Compensation shall be payable to clubs who have contributed to the training and development of players prior to their first registration as a professional within the training period. The training period is recognised as the period from the season of the player's 12th birthday to the season of the player's 21st birthday.

The amount of compensation payable to clubs is calculated by multiplying the compensation type amount by the number of full seasons of training provided by that club or clubs within the training period.

There are 3 compensation types which are detailed below including the administrative procedures to be followed and the arrangements for processing payments and raising disputes.

Compensation Types

1. Basic Compensation

Upon the completion of the first professional registration of a player a basic initial compensation payment at a flat rate of £250 per full season is paid to all training clubs who have provided training during the training period.

Payment of basic compensation will be calculated by Irish FA Player Registrations staff and communicated to all relevant clubs upon the completion of the first professional registration. Only the information included in the official player passport in the Irish FA Comet Football Management System will be considered to identify training clubs and to calculate the amount of basic compensation due. The club registering the player for the first time as a professional will have 60 days from the date of the Irish FA communication to make payment to the training club or clubs. In the event of non-payment or a disagreement regarding the amount of compensation due the training club or clubs should submit a dispute to the IFA Football Committee by email via the Irish FA Registrations Department registrations@irishfa.com providing full details of the dispute. If no dispute is submitted by the training club or clubs within 1 year of the original Irish FA communication any unpaid compensation will be forfeited.

2. Conditional Compensation

Conditional compensation payments shall be due to the training club or clubs upon the player reaching particular milestones as identified below:-

- | | | |
|---------------------------------------|---|----------------------|
| First competitive 1st team appearance | - | £100 per full season |
| • 25 competitive 1st team appearances | - | £100 per full season |
| • National U21 Team competitive debut | - | £100 per full season |
| • National A Team competitive debut | - | £300 per full season |

Training clubs shall be responsible for tracking the career of their former player and should make a compensation claim by contacting the relevant professional club at the appropriate time to confirm that conditional payment/s are due. Thereafter the club who registered the player for the first time as a professional will have 60 days to make payment to the training club or clubs. Training clubs must request payment for conditional compensation in writing within 1 year of the relevant condition for the compensation being realised. After 1 year has lapsed any unclaimed conditional compensation shall be forfeited.

In the event of non-payment or a disagreement regarding the amount of conditional compensation due the training club or clubs should submit a dispute to the Irish FA Football Committee by email via the Irish FA Registrations Department registrations@irishfa.com providing full details of the dispute. It shall be the responsibility of the claimant club to provide satisfactory evidence that the request has been submitted to the professional club in order and within the 1 year window.

For the avoidance of doubt conditional compensation payments are only due to the training club or clubs when the occurrence leading to the condition being realised happens after the player has registered as a professional.

The responsibility to pay conditional compensation to the training club or clubs ends when the player's professional contract with the club either expires naturally; or is terminated; or upon completion of the season of the player's 23rd birthday.

3. Solidarity Contribution

When a professional player transfers domestically for the first time before or during the season of his 23rd birthday and where a transfer fee of £20,000 or more has been paid for the player 5% of the transfer fee, not including training compensation paid to his former club, shall be identified as a solidarity contribution. 10% of the solidarity contribution shall be due to the clubs contributing to the training and development of the player during his amateur status for each full season that the player was registered and is payable from the season of the player's 12th birthday until the season of the player's 21st birthday.

Solidarity contributions must be paid to the training club or clubs by the selling club within 60 days of the transfer fee being received.

In the event of non-payment or a disagreement regarding the amount of solidarity contribution due the training club or clubs should submit a dispute to the Irish FA Football Committee by email via the IFA Registrations Department registrations@irishfa.com providing full details of the dispute. Any dispute must be submitted within 1 year following the date of the transfer.

Subsequent Transfers

In the event of subsequent transfers of the professional player before the end of the season of the player's 23rd birthday (where the player is registered as a professional with the new club) compensation is only due to the player's former club.

In such cases when compensation is due it shall be payable at a rate of **£1500 per full season.**

Claimant clubs must request payment for such training compensation in writing within 1 year of the activation of the new professional registration.

In the event of non-payment or a disagreement regarding the amount of compensation due the claimant club should submit a dispute to the Irish FA Football Committee by email via the Irish FA Registrations Department registrations@irishfa.com providing full details of the dispute and it shall be the responsibility of the claimant club to provide satisfactory evidence that the request has been submitted to the new club in order and within the 1 year window.

If the former club does not offer the professional player a contract, no training compensation is payable. The former club must offer the professional player a contract in writing via Special Delivery post at least 30 days before the expiry of his current contract. Such an offer shall furthermore be at least of an equivalent value to the current contract.

The only exception to this principle is in respect of pre-contract agreements. Where a professional player has signed a pre-contract agreement at least 30 days prior to the end of his current contract, his former club will retain their right to compensation without having to offer a contract in writing via Special Delivery post at least 30 days before the expiry of his current contract.

Any right to training compensation shall only be triggered with the activation (start date) of the professional contract with the new club, not the date of signing of any pre-contract agreement.

For the avoidance of doubt, where a club is no longer interested in the services of one of its professional players and does not seek to renew his contract, that club is deemed to have written off the investment made for his training and the player is free to move to another club without any compensation being payable. When a player moves for a transfer fee during his existing registration no training compensation shall be paid. Instead the club losing the player should receive a transfer fee that should be equal to or greater than the amount set out in the training compensation scale above.

Training compensation is not due if a professional reacquires amateur status on being transferred. However, if a player re-registers as a professional within 30 months of being reinstated as an amateur, training compensation will then be payable if applicable as per these regulations.
