Directors' report

For the year ended 31 December 2020

The directors present their report and the audited financial statements of the company for the year ended 31 December 2020.

Directors

The directors of the company who were in office during the year and up to the date of signing the financial statements are shown on page 1.

The directors benefit from qualifying third-party indemnity provisions which continued in place from their appointments and at the date of this report or to the date of resignation.

Principal activities

The principal activity of the IFA Stadium Development Company Limited (the "company") during the year was the development and operation of the National Football Stadium for Northern Ireland.

Results

The company reported a operating profit for the year ended 31 December 2020 of £1,957 (2019 loss: £8,358). The company is supported by its ultimate parent undertaking, Irish Football Association Limited.

No donations for political purposes were made during the year (2019: £Nil).

Principal Risks and Uncertainties

The IFA Stadium Development Company Limited has identified the following principal risks:

I. COVID-19

The 2020 Coronavirus or 'COVID-19' outbreak in Northern Ireland poses a serious public health threat. It has interrupted the movement of people and goods throughout the world, and many levels of government have instituted restrictions on individuals and businesses. As an immediate response management activated and implemented the crisis management plan.

The most significant impacts on the company are as follows:

- Disruption to the international match schedule resulting in lost hospitality revenue
- Cancellation of the staging of 2020 UEFA events and tournaments in Northern Ireland
- Threaten the sustainability of commercial partnerships and license agreements

The assessment of going concern by the board and senior management has taken into consideration the existing and potential effects of COVID-19 on the activities of the organisation and concludes that there is no material uncertainty relating to going concern.

The key judgments and estimates used to arrive at this conclusion include:

- The company has sufficient liquidity and cash flow availability on an ongoing basis and for a period not less than 12 months from the signing of these financial statements
- Parent company financial support from the Irish Football Association
- Assumption that disruptions and suspension of operations will significantly reduce before the commencement of 2021 – 2022 football season
- Support from various levels of government, including financial assistance
- Mitigating actions and processes implemented to ensure an effective control environment and availability of relevant management information on a continuing basis

Directors' report (continued)

II. The National Football Stadium

Failure to maintain the stadium at the required levels to attract and host tournaments may impact upon the ability of the company to maximise commercial revenue from the stadium.

The Irish FA Audit and Risk Committee regularly assesses the major risks to which the company and group may be exposed. The directors review corporate risks and the internal control environment on an ongoing basis. The directors are satisfied that systems are in place to help mitigate any exposure to major risks.

Provision of information to auditors

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing its report, of which the auditor is unaware.

Having made enquiries of fellow directors and the company's auditor, the directors have taken all the steps that they are obliged to take as directors to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Independent auditor

In accordance with Section 485 of the Companies Act 2006, a resolution is to be proposed at the Annual General Meeting of the ultimate parent undertaking for reappointment of PricewaterhouseCoopers LLP as auditor of the company.

Small companies' exemption

In preparing this report, the directors have taken advantage of the small companies' exemptions provided by Section 415A of the Companies Act 2006.

This report was approved by the Board on 22 April 2021 and signed on its behalf.

Conrad Kirkwood Chairman

Date: 22 April 2021

Statement of Directors' responsibilities in respect of the financial statements

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the group and the parent company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law).

Under company law, directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and parent company and of the profit or loss of the group for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group and parent company will continue in business.

The directors are also responsible for safeguarding the assets of the group and parent company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group's and parent company's transactions and disclose with reasonable accuracy at any time the financial position of the group and parent company and enable them to ensure that the financial statements comply with the Companies Act 2006.

This statement was approved by the Board on 22 April 2021 and signed by order of the Board.

Conrad Kirkwood Chairman

Date: 22 April 2021

Independent auditors' report to the members of IFA Stadium Development Company Limited

Report on the audit of the financial statements

Opinion

In our opinion, IFA Stadium Development Company Limited 's financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2020 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report and Financial Statements (the "Annual Report"), which comprise: the balance sheet as at 31 December 2020; the profit and loss account and the statement of changes in equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the company's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Independent auditors' report to the members of IFA Stadium Development Company Limited (continued)

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on our work undertaken in the course of the audit, the Companies Act 2006 requires us also to report certain opinions and matters as described below.

Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Directors' Report for the year ended 31 December 2020 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' responsibilities, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Independent auditors' report to the members of IFA Stadium Development Company Limited (continued)

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the company and industry, we identified that the principal risks of non-compliance with laws and regulations related to failure to comply with UK tax regulations, adherence to health and safety requirements and company's compliance with the safety at sports ground; and general data protection regulations, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to posting inappropriate journal entries to manipulate financial results, including revenue recognition and management bias in accounting estimates or significant judgements. Audit procedures performed included:

- Identifying and testing journal entries, in particular any journal entries posted with unusual account combinations or posted by unexpected users;
- Discussions with management, including consideration of known or suspected instances of non compliance with laws and regulations and fraud;
- Reviewing the Company's litigation register as far as it related to non-compliance with laws and regulations and fraud; and
- · Reviewing relevant meeting minutes, including those of the Board of Directors.

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's directors as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Independent auditors' report to the members of IFA Stadium Development Company Limited (continued)

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- · we have not obtained all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Entitlement to exemptions

Under the Companies Act 2006 we are required to report to you if, in our opinion, the directors were not entitled to: take advantage of the small companies exemption from preparing a strategic report. We have no exceptions to report arising from this responsibility.

General Information

The IFA Stadium Development Company Limited ("the company") is a 100% owned subsidiary of the Irish Football Association Limited and its principal activity during the year was the development and operation of the National Football Stadium for Northern Ireland. The company is a private company limited by shares and is incorporated and domiciled in the UK. The address of its registered office is The National Football Stadium, Donegall Avenue, Belfast, BT12 6LW.

1. Statement of compliance

The financial statements of IFA Stadium Development Company Limited have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006

2. Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated. The company has adopted FRS 102 in these financial statements.

Basis of preparation

The financial statements have been prepared on a going concern basis under the historical cost convention.

The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

Going concern

The company meets its day-to-day working capital requirements through its bank facilities, government funds and support from its parent company, Irish Football Association Limited. The directors have assessed the company's financial position including its net current liability position and have developed a business plan and strategic vision for the stadium in the coming years that is expected to be profitable. Therefore, the company continues to adopt the going concern basis in preparing its financial statements. The report of the Director's is on page 2.

Exemptions for qualifying entities under FRS 102

FRS 102 allows a qualifying entity certain disclosure exemptions, subject to certain conditions, which have been complied with, including notification of, and no objection to, the use of exemptions by the company's shareholders. The company has taken advantage of the following exemptions:

- under FRS 102 paragraph 1.12(b) from preparing a Statement of cash flows, on the basis that it is a qualifying entity and its ultimate parent company, Irish Football Association Limited, includes the company's cash flows in its own consolidated financial statements;
- from the financial instrument disclosures, required under FRS 102 paragraphs 11.39 to 11.48A and paragraphs 12.26 to 12.29, as the information is provided in the consolidated financial statement disclosures;
- from disclosing the company key management personnel compensation, as required by FRS 102 paragraph 33.7; and
- from disclosing related party transactions, under FRS 102 paragraph 33.1A on the basis that it is a qualifying entity and this is disclosed in its parent's financial statements.

For the year ended 31 December 2020

Summary of significant accounting policies (continued)

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents the amount receivable for goods supplied or services rendered, net of returns, discounts and rebates allowed by the company and value added taxes. The company bases its estimate of returns on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Where the consideration receivable in cash and cash equivalents is deferred and the arrangement constitutes a financing transaction, the fair value of the consideration is measured at the present value of all future receipts using the imputed rate of interest. The company recognises revenue when (a) the significant risks and rewards of ownership have been transferred to the buyer; (b) the company retains no continuing involvement or control over the goods or has provided the service; (c) the amount of revenue can be measured reliably; (d) it is probable that future economic benefits will flow through the entity and (e) when the specific criteria relating to each of the company's sales channels have been met, as described below.

i) Tickets and TV receipts (rental income)

An allocation of home international match income in respect of ticket sales and TV receipts is received from Irish Football Association Limited in respect of rental income from use of property owned by the company.

ii) Other rental income

Rental from hire of corporate boxes and office/room rentals is recognised on a straight line basis over the term of the rental period.

iii) Other income

Other income (such as catering and events income) is recognised in the profit and loss account when the terms of revenue recognition have been met.

Capital Grant income

Grants relating to tangible fixed assets are accounted for in accordance with the accrual model. They are treated as deferred credits (held in the deferred credit reserve on the Balance sheet) and released in the Profit and loss account over the expected useful lives of the assets concerned.

Profit and loss account

The profit and loss account represents accumulated comprehensive income for the year and prior periods.

For the year ended 31 December 2020

Summary of significant accounting policies (continued)

Foreign currency

i) Functional and presentation currency

The company's functional and presentation currency is the pound sterling.

ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit and loss account.

Foreign exchange gains and losses are presented in the profit and loss account within "Administrative expenses".

Employee benefits

The company provides a range of benefits to employees, including paid holiday arrangements and defined contribution pension plans.

i) Short term benefits

Short term benefits, including holiday pay and other similar non-monetary benefits are recognised as an expense in the period in which the service is received.

ii) Defined contribution pension plan

The company operates a defined contribution scheme for employees. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. Once the contributions have been paid, the company has no further payment obligations. The contributions are recognised as an expense when they are due. Amounts not paid are shown in accruals in the balance sheet. The assets of the plan are held separately from the company in independently administered funds.

iii) Bonus Plan

The company operates an annual bonus plan for employees. An expense is recognised in the profit and loss account when the company has a legal or constructive obligation to make payments under the plan as a result of past events and a reliable estimate of the obligation can be made.

For the year ended 31 December 2020

Summary of significant accounting policies (continued)

Taxation

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Tax is recognised in the profit and loss account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, tax is also recognised in other comprehensive income or directly in equity respectively.

Current or deferred taxation assets and liabilities are not discounted.

i) Current Tax

Current tax is the amount of income tax payable in respect of the taxable profit for the year or prior years. Tax, is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the period end.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

ii) Deferred tax

Deferred tax arises from timing differences that are differences between taxable profits and total comprehensive income as stated in the financial statements. These timing differences arise from the inclusion of income and expenses in the tax assessments in periods different from those in which they are recognised in financial statements.

Deferred tax is recognised on all timing differences at the reporting date except for certain exceptions. Unrelieved tax losses and other deferred tax assets are only recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing differences.

Tangible assets

Tangible assets are stated at cost less accumulated depreciation and accumulated impairment losses. Cost includes the original purchase price, costs directly attributable to bringing the asset to its working condition for its intended use. Depreciation on assets is calculated, using the straight-line method, to allocate the cost to their residual values over their estimated economic lives, as follows:

Plant and equipment 10% Fixtures and fittings 25%

Assets in the course of construction are stated at cost. These assets are not depreciated until available for use.

The assets' residual values and useful lives are reviewed, and adjusted, if appropriate at the end of each reporting period. The effect of any change is accounted for prospectively.

Subsequent costs, including major inspections, are included in the assets carrying amount or recognised as a separate asset, as appropriate, only when it is probable that economic benefits associated with the item will flow to the company and the cost can be measured reliably. The carrying amount of any replaced component is derecognised. Major components are treated as a separate asset where they have a significantly different pattern of consumption of economic benefits and are depreciated separately over its useful life.

For the year ended 31 December 2020

Summary of significant accounting policies (Continued)

Tangible assets (continued)

Tangible assets are derecognised on disposal or when no future economic benefits are expected. On disposal the difference between the net disposal proceeds and the carrying amount is recognised in the profit and loss account.

Repairs, maintenance and minor inspection costs are expensed as incurred.

Investment property

Investment property, the National Football Stadium, is stated at cost less accumulated depreciation and accumulated impairment losses. Cost includes the original purchase price, costs directly attributable to bringing the asset to its working condition for its intended use.

The investment property owned by the company is situated on long leasehold land. The property is depreciated over the shorter of the useful life and the period of the land lease, using the straight-line method, to allocate the cost to their residual values over the estimated economic lives, as follows:

Structural costs 2%;

Fixtures and fittings 5%.

Assets in the course of construction are stated at cost. These assets are not depreciated until available for use.

The assets' residual values and useful lives are reviewed, and adjusted, if appropriate at the end of each reporting period. The effect of any change is accounted for prospectively.

Subsequent costs, including major inspections, are included in the assets carrying amount or recognised as a separate asset, as appropriate, only when it is probable that economic benefits associated with the item will flow to the company and the cost can be measured reliably. The carrying amount of any replaced component is derecognised. Major components are treated as a separate asset where they have a significantly different pattern of consumption of economic benefits and are depreciated separately over its useful life.

Repairs, maintenance and minor inspection costs are expensed as incurred.

Leased assets

At inception the company assesses agreements that transfer the right to use assets. The assessment considers whether the arrangement is, or contains, a lease based on the substance of the arrangement.

i) Finance leased assets

Leases of assets that transfer substantially all the risks and rewards incidental to ownership are classified as finance leases.

Assets are depreciated over the shorter of the lease term and the estimated useful life of the asset. Assets are assessed for impairment at each reporting date.

For the year ended 31 December 2020

Summary of significant accounting policies (Continued)

ii) Operating leased asset

Leases that do not transfer all the risks and rewards of ownership are classified as operating leases. Payments under operating leases are charged to the profit and loss account on a straight-line basis over the period of the lease.

Cash and cash equivalents

Cash and cash equivalents include cash in hand and deposits held at call with banks and bank overdrafts.

Inventory

Inventories are stated at the lower of cost and estimated selling price less costs to sell. Inventories are recognised as an expense in the period in which the related revenue is recognised.

At the balance sheet date inventories are assessed for impairment. If an item of inventory is impaired, the identified inventory is reduced to its selling price less costs to sell and an impairment charge is recognised in the profit and loss account. Where a reversal of the impairment is required the impairment charge is reversed, up to the original impairment loss, and is recognised as a credit in the profit and loss account

Impairment of fixed assets

At each balance sheet date, assets not held at fair value are assessed to determine whether there are any indicators of impairment. If indicators exist, the recoverable amount of the asset is compared to its carrying amount.

There were no indicators of impairment identified at the balance sheet date and therefore no formal impairment assessment was required.

Provisions and contingencies

i) Provisions

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount of the obligations can be estimated reliably.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as a finance cost.

For the year ended 31 December 2020

Summary of significant accounting policies (Continued)

ii) Contingencies

Contingent liabilities, arising as a result of past events, are not recognised when (i) it is not probable that there will be an outflow of resources or that the amount cannot be reliably measured at the reporting date or (ii) when the existence will be confirmed by the occurrence or non-occurrence of uncertain future events not wholly within the company's control. Contingent liabilities are disclosed in the financial statements unless the probability of an outflow of resources is remote.

Contingent assets are not recognised. Contingent assets are disclosed in the financial statements when and inflow of economic benefits is probable.

Financial instruments

The company has chosen to adopt Sections 11 and 12 of FRS 102 in respect of financial instruments.

i) Financial assets

Basic financial assets, including trade and other receivables and cash and bank balances are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Such assets are subsequently carried at amortised cost using the effective interest method.

At the end of each reporting period financial assets measured at amortised cost are assessed for objective evidence of impairment. If an asset is impaired the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

Financial assets are derecognised when (a) the contractual rights to the cash flows from the asset expire or are settled, (b) substantially all the risks and rewards of the ownership of the asset are transferred to another party or, (c) despite having retained some significant risks and rewards of ownership, control of the asset has been transferred to another party who has the practical ability to unilaterally sell the asset to an unrelated third party without imposing additional restrictions.

ii) Financial liabilities

Basic financial liabilities, including trade and other payables, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest. Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

iii) Offsetting

Financial assets and liabilities are offset and the net amounts presented in the financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Related party transactions

The company discloses transactions with related parties which are not wholly owned within the same group.

For the year ended 31 December 2020

3. Critical accounting judgements and estimation uncertainty

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Critical judgements in applying the company's accounting policies

There are no critical judgments in applying the company's accounting policies.

(b) Critical accounting estimates and assumptions

There are no critical accounting estimates and assumptions.

4. Turnover

The whole of the turnover is attributable to the principal activity of the company and relates entirely to activities in the UK.

5. Operating profit/(loss)

The operating profit/(loss) for the year is after charging / (crediting):

	2020	2019
	£	£
Wages and salaries	119,703	142,226
Social security costs	11,048	13,820
Pension costs	7,484	8,946
Total staff costs charged to profit and loss	138,235	164,992
Depreciation of tangible assets	75,793	64,043
Depreciation of investment property	1,062,991	1,062,688
Operating lease charge	214,000	214,000
Amortisation of deferred credits	(866,917)	(861,495)
Fees payable to the company's auditor	10,500	10,500

6. Employees and directors

Employees

The average monthly number of employees during the year was as follows:

	2020	2019
	No.	No.
Administrative	4	5
Total	4	5

Directors

During the year, no director received any emoluments (2019: £Nil).

For the year ended 31 December 2020

7. Tax on profit/(loss)

a) Tax	expense	included	in	profit	and	loss	account
--------	---------	----------	----	--------	-----	------	---------

a, rax expense merada m prem una rece decedir.	2020 £	2019 £
Corporation tax		
Current tax:		
UK corporation tax on profit/(loss) for the year	-	-
Deferred tax:		
Origination and reversal of timing differences	33,294	(10,593)
Adjustment in respect of previous periods	-	57,141
Effect of changes in tax rates	-	22,926
Total deferred tax (note 14)	33,294	69,474
Tax on profit/(loss)	33,294	69,474

b) Reconciliation of tax charge

The tax assessed for the year differs from the UK corporation tax rate of 19% (2019: 19%). The differences are explained below:

Profit/(Loss) for the year	1,957	(8,358)
Tax on profit/(loss) at the standard rate of corporation tax in the UK of 19% (2019: 19%)	372	(1,588)
Effects of:		
Expenses not deductible	216,370	187,961
Income not taxable	(163,991)	(163,684)

Effect of changes in tax rates	-	22,926
Adjustment in respect of previous periods	-	57,141
Tax on profit/(loss) on ordinary activities	33,294	69,474

c) Tax

The prevailing UK corporation tax rate of 19% was substantively enacted as part of the Finance Act 2020 on 12 March 2020. This rate was to reduce to 17% from April 2020, however, in the budget on 12 March 2020 it was announced that the main rate of UK corporation tax will be held at 19%. The deferred tax balance have been calculated reflecting appropriate rates.

Allotted and fully paid		
Ordinary shares of £1 each	2	2

There is a single class of ordinary shares. There are no restrictions on the distribution of dividends and the repayment of capital.

16. Financial commitments

At 31 December 2020, the company had annual commitments under non-cancellable operating leases, relating to the football stadium, expiring as follows:

	2020	2019
	£	£
Payments due in less than one year	214,000	214,000
Payments due in two to five years	856,000	856,000
Payments due in more than five years	8,417,333	8,631,333

17. Contingent assets and liabilities

The project works at the National Football Stadium were completed in October 2016 and at that date based on all claims and compensation events submitted by the Contractor the final account was substantiated. However, post completion the Contractor submitted additional claims of considerable value. We have reviewed and rigorously challenged all post completion claims submitted by the Contractor.

During assessment and negotiation of all post completion claims the Contractor has indicated in dialogue that he would accept the account based on an agreed figure in full and final settlement of all sums due under the contract. Therefore, we anticipate conclusion of this outstanding matter within the next 12 months.

The Department for Communities has provided grant funding to build the National Football Stadium under an agreement dated May 2014. There is the potential for the recognition of contingent liabilities in the event of the company failing to meet its obligations under this agreement.

18. Related party transactions

No transactions or balances have been identified as requiring disclosure under FRS 102.

19. Ultimate parent undertaking and controlling party

The ultimate parent undertaking and controlling party is Irish Football Association Limited.

The smallest and largest undertakings of which the company is a member, and for which group financial statements are prepared is Irish Football Association Limited, a company limited by guarantee and incorporated in Northern Ireland. These financial statements are available from the National Football Stadium, Donegall Avenue, Belfast, BT12 6LW.
