1. INTRODUCTION

1. INTRODUCTION

In March 2006 the Irish Football Association Executive Committee, upon the recommendation of UEFA, asked the Club Licensing Committee to consider implementing its own Domestic Club Licensing scheme. The first Domestic Licensing cycle was implemented during season 2007-08 for award of licences for season 2008-09.

In June 2010 the extension of the club licensing scheme to Championship clubs was endorsed by both the Premier League Committee and the Championship Committee. The requirements of a Championship Licence were approved by the IFA Executive Board in October 2010 and were applied to and for clubs seeking promotion to the top division of domestic competition in Northern Ireland.

In June 2014, member clubs of the Northern Ireland Football League (NIFL) agreed to the introduction of a mandatory licence for Championship 1 clubs during 2015-16 for the award of licences for season 2016-17 to coincide with the full implementation of the NIFL restructure to create a second senior tier of football in Northern Ireland.

In November 2019 NIFL made the decision to extend mandatory licensing to all clubs participating within its third tier, the Premier Intermediate League (PIL). This was implemented for the first time during the 2021/22 season for the award of licences for season 2021/22.

The requirements in this “Club Licensing Manual” have therefore been set by the IFA as is applicable to football in Northern Ireland; however it incorporates the principles of the UEFA Club Licensing Manual. This manual was approved by the IFA Board in October 2022 and applies to and for clubs wishing to attain a Championship Club Licence or Promotion Licence for participation in Season 2023/24. The Manual is divided into two main sections.

The first section addresses and details the roles of the licensor, the licence applicant and the licensing bodies; it also explains the core process that is applied. The second section categorises in the five chapters the club licensing criteria that have to be fulfilled. They are as follows: sporting criteria, infrastructure criteria, personnel and administrative criteria, legal criteria and financial criteria. Each criterion is graded according to its level of importance (“A”, “B” or “C”).

CHAMPIONSHIP LICENCE: required for NIFL Championship and NIFL Premier Intermediate League clubs seeking to play in NIFL Championship for Season 2023/24.

PROMOTION LICENCE: required for Championship clubs seeking promotion to NIFL Premiership for Season 2023/24.

Promotion Licence applicants must meet all Championship Licence requirements and also satisfy the additional infrastructure requirements as defined in Annexe D.

1.1 SCOPE OF APPLICATION

These regulations apply whenever expressly referred to by specific regulations governing club competitions to be played under the auspices of the Irish Football Association.

This Manual governs the rights, duties and responsibilities of all parties involved in the Championship Licence/ Promotion Licence system and defines in particular:

- the minimum requirements to be fulfilled by the Irish Football Association (IFA) in order to act as the licensor for its clubs, as well as the minimum procedures to be followed by the licensor in its assessment of the club licensing criteria;
- the licence applicant and the licence required to be eligible to participate in the top divisions of domestic competition in Northern Ireland;
- the minimum sporting, infrastructure, personnel and administrative, legal and financial club licensing criteria to be fulfilled by a club in order to be granted a Championship Club Licence or a Promotion Licence by the IFA.

In this Manual, the use of the masculine form refers equally to the feminine.

1.2 OBJECTIVES

Each chapter also includes the objectives and the benefits for the clubs. The clubs should carefully read through the objectives of each criterion. Each requirement is explicitly applicable to Northern Ireland football but follows the core principles of the UEFA scheme to ensure a unified standard throughout Northern Ireland and Europe.

This Manual aims:

- to further promote and continuously improve the standard of all aspects of football in Northern Ireland and to give continued priority to the training and welfare of young players in every club;
- to promote participation in football and contribute to the development of women's football;
- to implement the UEFA 10 Point Plan and club Anti-Racism/ Anti-Sectarianism Policy as an integral part of football development in Northern Ireland;
- to adapt clubs' sporting infrastructure to provide players, spectators and media representatives with suitable, well-equipped and safe facilities;
- to ensure that clubs have an adequate level of management and organisation;

- f) to improve the economic and financial sustainability of the clubs, increasing their transparency and credibility;
- g) to place the necessary importance on the protection of creditors;
- h) to promote better cost control;
- i) to protect the integrity and smooth running of the Domestic club competitions for one season;
- j) to encourage cooperation between licensors and clubs and enable the development of benchmarking for clubs in financial, sporting, legal, personnel, administrative and infrastructure-related criteria throughout Northern Ireland;
- k) to safeguard each club's identity, history and legacy;
- l) to embrace social responsibility in football;
- m) to promote a healthy relationship between clubs and supporters and increase accessibility in football.

Furthermore, it also aims to achieve financial sustainability in club competitions and in particular:

- a) to improve the economic and financial capability of the clubs, increasing their transparency and credibility;
- b) to place the necessary importance on the protection of creditors and to ensure that clubs settle their liabilities with employees, social/tax authorities and other clubs punctually;
- c) to encourage clubs to operate on the basis of their own revenues;
- d) to encourage responsible spending for the long-term benefit of football;
- e) to protect the long-term viability and sustainability of Domestic club football.

1.3 LEGAL BASIS

The licensor has jurisdiction to govern the IFA club licensing system by virtue of Article 3 (3) of the IFA Articles of Association.

2. PROCEDURE

2.1. CRITERIA GRADUATION

2.1.1. PRINCIPLE

- 2.1.1.1 The club licensing criteria described in this Manual are graded into three separate categories.
- 2.1.1.2 The different grades have been defined as follows:
 - a) “A”- criteria – “ESSENTIAL”: If the licence applicant does not fulfil any A-criteria, then it cannot be granted a Championship Club Licence or a Promotion Licence.
 - b) “B” – criteria – “MUST”: If the licence applicant does not fulfil any B-criteria, then it is sanctioned as specified in 2.1.1.3 below by the IFA but can still receive a Championship Club Licence or a Promotion Licence.
 - c) “C”- criteria – “BEST PRACTICE”: C-criteria are best practice recommendations. Non-fulfilment of any C-criteria does not lead to any sanction or to the refusal of a Championship Club Licence or a Promotion Licence.
- 2.1.1.3 Sanctions for the non-fulfilment of any ‘B’ criteria shall be determined by the Licensing Committee. The catalogue of sanctions consists of a caution, a fine and the obligation to submit evidence or fulfil certain conditions by a certain deadline.

An appeal against a sanction imposed by the Licensing Committee may be lodged before the Licensing Appeals Committee.
- 2.1.1.4 All violations of this Manual other than those referred to in 2.1.1.3 above shall be sanctioned by the competent body in accordance with the IFA Articles, Competition Rules and Regulations. The Licensing Administration has the right to make public statements where a club formally applies or subsequently withdraws its licensing application at any time during the process and/or for the purpose of communicating details of any sanction applied by the Licensing Committee to any licence applicant.

2.1.2. APPLICATION OF THE SYSTEM TO LICENCE APPLICANTS

- 2.1.2.1 The club licensing system is implemented only for clubs affiliated to the IFA as defined by the IFA Articles of Association.
- 2.1.2.2 The club licensing system applies only for those clubs who wish to participate in the top three divisions of Domestic competition in Northern Ireland.

2.2. SPOT-CHECKS BY THE IFA

2.2.1. PRINCIPLE

- 2.2.1.1 The IFA and/or its nominated bodies/ agencies reserve the right to, at any time, conduct spot-checks with the applicant club in order to ensure that its licence was correctly awarded at the time of the final and binding decision of the Irish Football Association. Non-observance of the minimum mandatory requirements, as defined in this Championship Licence/ Promotion Licence Manual approved by the IFA Board, may result in sanctions determined by the Licensing Committee according to the nature and the gravity of the violations.

Such spot checks will apply to all requirements of this Manual, including, but not limited to, any and all documentary evidence or facts presented, any nominations of teams, resources or personnel, any safety inspection reports, any financial or legal submissions made or any findings as a result of a site/ stadium inspection.

4. LICENCE APPLICANT AND LICENCE

4.1. INTRODUCTION

4.1.1 This chapter defines the legal entities that can apply for a licence and the licence necessary to play in the top three divisions of Domestic club competition.

4.1.2 The legal entity applying for a licence is the licence applicant. Once the licence applicant has been granted a licence by the licensor it becomes a licensee.

4.2. CIRCLE OF LICENCE APPLICANTS

4.2.1. AUTHORITY TO DEFINE LICENCE APPLICANTS

4.2.1.1 The IFA defines the licence applicants according to its Articles of Association, rules and regulations and the following provisions in accordance with UK law. Furthermore, the FIFA and UEFA Statutes as well as relevant regulations must also be taken into account.

4.2.2. STATUS OF FOOTBALL CLUBS

4.2.2.1 The status of a football club (professional, semi-professional or amateur) is not relevant to the issuance of a licence.

4.2.3. LEGAL FORM OF FOOTBALL CLUBS

4.2.3.1 The legal form of a football club is not relevant to the issuance of the licence.

4.3. DEFINITION OF LICENCE APPLICANT AND ONE-YEAR RULE

4.3.1. PRINCIPLE

4.3.1.1 The licence applicant may only be a football club, defined as being the legal entity fully and solely responsible for the football team participating in domestic competitions which is either:

- a) a registered member of the IFA and the Northern Ireland Football League (NIFL) (hereinafter: registered member). The membership must have lasted - by the start of the season - for at least one season; or

any change to the legal form, legal group structure (including a merger with another entity or transfer of football activities to another entity) or identity (including headquarters, name or colours) of a licence applicant/ licensee must be notified to the IFA and UEFA before the start of the licensing process.

- b) any above mentioned entity which has not been a member of the Irish Football Association for at least one year, providing that its membership is as a result of a transfer of membership from the entity which was previously a member, and such transfer of membership has been formally approved by the Football Committee of the Irish Football Association.

Any change to the legal form, legal group structure (including a merger with another entity or transfer of football activities to another entity) or identity (including headquarters, name or colours) of a licence applicant /licensee that took place within the three seasons preceding the start of the licence season to the detriment of the integrity of a competition or to facilitate the licence applicant's qualification for a competition on sporting merit or to facilitate a licence applicants receipt of a licence is deemed as an interruption of membership within the meaning of this provision.

4.3.1.2 Only a registered member, in line with 4.2 and 4.3.1.1 above, can apply for/ receive a licence. Individuals may not apply for/ receive a licence.

4.3.1.3 The licence applicant is fully responsible for the participation of its first team in domestic and international football club competitions as well as for the fulfilment of the club licensing criteria.

The licence applicant is, in particular, responsible for ensuring the following:

- a) that all the compensation paid to the players arising from contractual or legal obligations and all the revenues arising from gate receipts are accounted for in the books of the registered member;
- b) that the licence applicant is fully responsible for the football team composed of registered players participating in domestic and international competitions;
- c) that the IFA is provided with all necessary information and documents relevant to proving that the licensing obligations are fulfilled, as these obligations relate to the sporting, infrastructure, personnel and administrative, legal and financial criteria set out under Chapters 6, 7, 8, 9 and 10 respectively;
- d) that the IFA is provided with any other documentation relevant for decision-making. This includes information on the reporting entity/entities in respect of which sporting, infrastructure,

personnel and administrative, legal and financial information are required to be provided. In turn, the IFA must assess whether, in respect of each licence applicant, the selected reporting entity/entities is appropriate for club licensing purposes;

- e) that any event that occurs after the submission of the licensing documents to the IFA and represents a significant change to the information previously submitted is promptly notified to the licensor in writing (including a change of the licence applicant's legal form, legal group structure including ownership or identity). This constitutes an A-Criterion. Compliance with this criterion shall be assessed by the IFA on an ongoing basis.

4.3.1.4 If the licence applicant has control on any subsidiary, then consolidated financial statements shall be prepared and submitted to the IFA as if the entities included in the consolidation ("the group") were a single company.

4.3.1.5 If the licence applicant is controlled by a parent, which may be controlled by another parent or which may have control over any other subsidiary or may exercise significant influence over any other associate, any transaction with the parent of the licence applicant or any parent or subsidiary or associate of such parent must be disclosed in the notes to the financial statements to draw attention to the possibility that its financial position and profit or loss may have been affected by the existence of related parties and by transactions and outstanding balances with such parties.

4.4. LICENCE

4.4.1. PRINCIPLE

4.4.1.1 Licences must be issued according to the provisions of this Manual.

4.4.1.2 The IFA (Licensor) shall issue an invitation to the football clubs concerned to apply for a licence punctually and in writing. The licence applicant must submit a written application to the IFA. In this application, the licence applicant must, in particular, declare that it will fulfil the obligations of the club licensing system to be eligible for participation in the top three divisions of domestic club competition in Northern Ireland and accept and respect the Core Process and its applicable deadlines.

4.4.1.3 Only licence applicants which fulfil the club licensing criteria set out in this Manual, at the deadlines defined by this Manual, may and shall be granted a licence to be eligible for participation in the top three divisions of Domestic club competition in Northern Ireland of the coming season.

- 4.4.1.4 A licence expires without prior notice at the end of the season for which it was issued for.
- 4.4.1.5 A licence may be withdrawn by the decision-making bodies if:
 - a) any of the conditions for the issuing of a licence are no longer satisfied; or
 - b) the licensee violates any of its obligations under this Manual.
- 4.4.1.6 As soon as a licence withdrawal is envisaged the IFA will inform all concerned parties.
- 4.4.1.7 If a licensee has its licence withdrawn, a decision concerning the possible elimination of the licensee from the domestic competition in question is made by the competent IFA body.
- 4.4.1.8 A licence cannot be transferred unless the new legal entity fully responsible for the football team participating in domestic competitions is in place as a result of a transfer of membership from the entity which was previously a member of the IFA, and such transfer of membership has been formally approved by the Football Committee of the IFA.
- 4.4.1.9 As there are no guarantees that a club in administration will be able to come out of administration, there will be significant doubt about whether the club can continue as a going concern and therefore a licence cannot be granted to a club in administration.

4.5. ADMISSION TO DOMESTIC CLUB COMPETITIONS

4.5.1. PRINCIPLE

- 4.5.1.1 The licensee must further fulfil all the requirements according to the applicable club competition rules and regulations to be admitted to such competition.
- 4.5.1.2 The admission process falls under the sole jurisdiction of the IFA, its competent bodies and the Northern Ireland Football League Board/ Management Committee(s).
- 4.5.1.3 The relevant competent bodies make the final decision regarding the admission of a licensee to participate in any domestic club competition.
- 4.5.1.4 Such decisions are subject to the IFA Articles of Association including the Court of Arbitration for Sport (CAS) in Lausanne (Switzerland).

5. CORE PROCESS

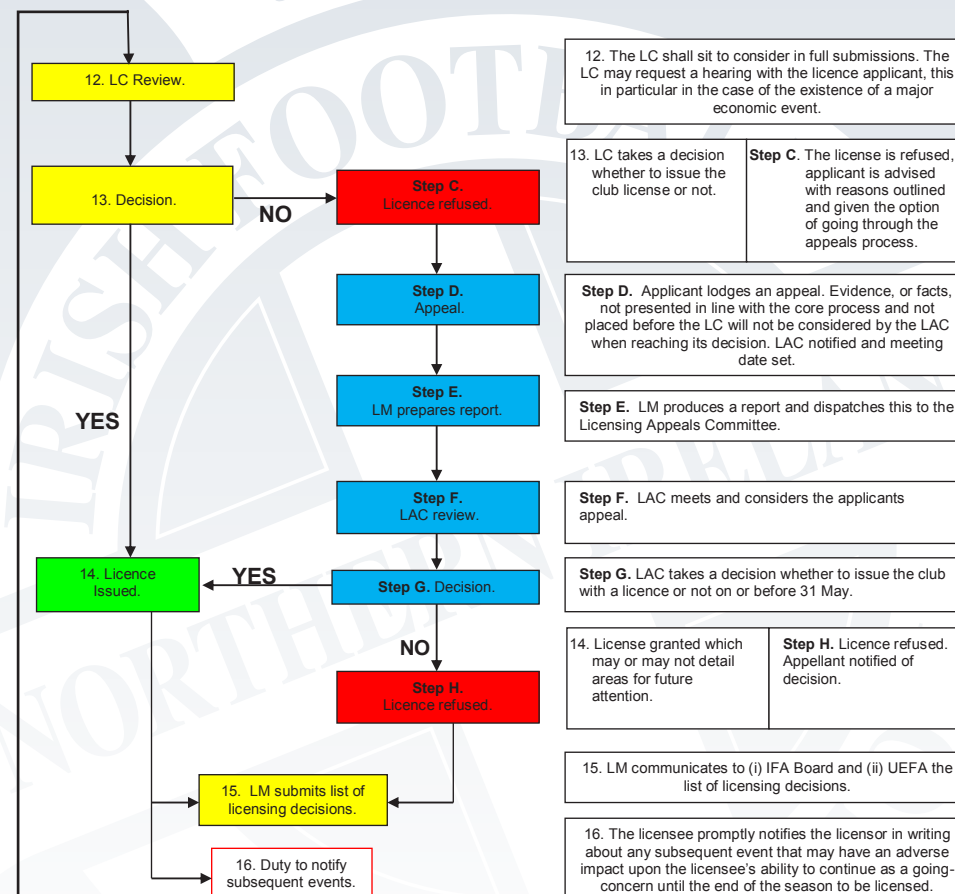

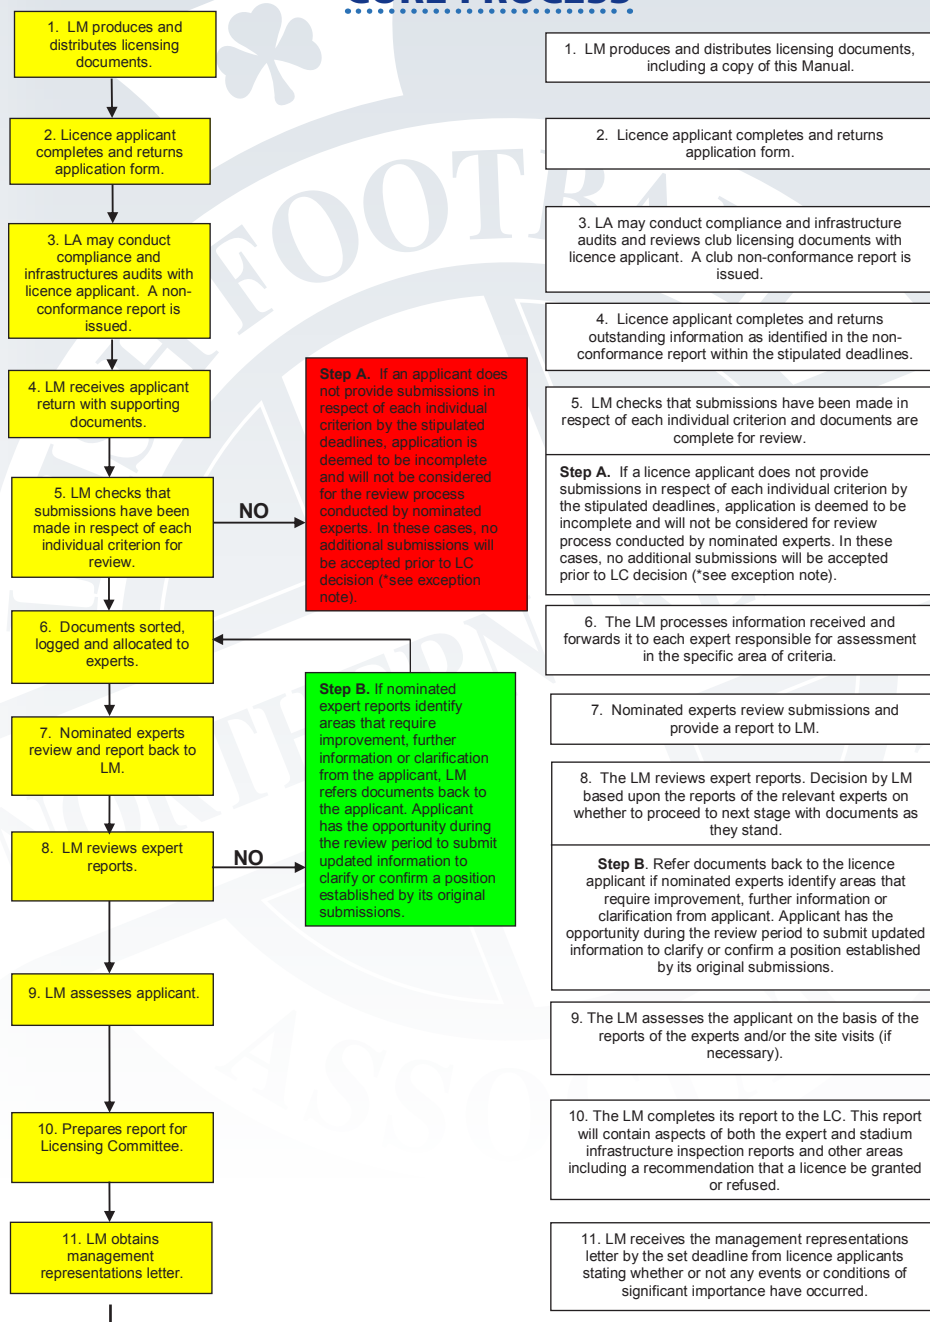

5.1. INTRODUCTION

This chapter defines the assessment process (hereinafter: core process) of the club licensing system.

5.1.1. PRINCIPLE

- 5.1.1.1 In this Manual, the IFA defines the core process for the verification of the club licensing criteria (sporting criteria, infrastructure criteria, personnel and administrative criteria, legal criteria and financial criteria) thus manage the issuing of licences.
- 5.1.1.2 The core process is described below and is aimed at:
 - a) helping the IFA in establishing an appropriate and efficient licensing process according to its needs and organisation;
 - b) agreeing on the main requirements that the licensor has to comply with to issue the licence, necessary for entering domestic club competitions;
 - c) ensuring that the decision on the granting of the club licence is made by an independent body (LC or LAC);
 - d) ensuring that the decision-making bodies receive adequate support from the Licensing Administration;
 - e) ensuring that licence applicants understand and respect the process and deadlines that must be followed to be issued with a licence.
- 5.1.1.3 The Licensing Committee must submit to the IFA Board the list of licensed clubs by no later than 31 May 2023.

CORE PROCESS

CORE PROCESS explained

1. The Licensing Manager (LM) produces and distributes the licensing documents.
2. Licence applicant completes and returns application form.
3. The Licensing Administration may carry out individual compliance and stadium infrastructure inspection visits with each licence applicant to clarify criteria and submissions required. A non-conformance report is issued.
4. The licence applicant completes the documents (templates, etc.) and returns them to the Licensing Manager within the stipulated deadlines (see timetable). Supporting documents must be enclosed if required.
5. The Licensing Manager checks that the documents returned by the licence applicant are complete for review and that they are returned within the stipulated deadlines.

Decision - Two alternatives: step (A) or step 6

- A. If an applicant does not provide submissions in respect of each individual criterion by the stipulated deadlines, then its application is deemed to be incomplete and will not be considered for review process conducted by nominated experts. In these cases, no additional submissions will be accepted prior to LC decision.

**Exception Note: Applicants will be permitted to seek an extension to the submission deadlines in exceptional circumstances only (circumstances to be assessed and a determination made by the LC) and provided such an extension request is lodged in writing to the licensor in advance of the applicable deadline.*

Extension requests not lodged in this manner will not be considered.

The duration of any extension request granted by the LC will not exceed the last day of the applicable review period.

6. If the documents are complete and sent within the stipulated deadlines, the Licensing Manager sorts the information received, records it and forwards it to the appointed experts with responsibilities for that particular area for review (e.g. legal documents will be forwarded to the legal expert, financial information to the financial expert, etc.).
7. The nominated experts receive the licence applicant's documents from the Licensing Manager, review the documents, check the fulfilment of the criteria and then submit report back to the Licensing Manager.
8. The Licensing Manager verifies that the reports of the experts are complete and reviews the reports and the opinion of the experts.

Decision - Two alternatives: step (B) or step 9

- B. If nominated expert reports identify areas that require improvement, further information or clarification from the applicant, the Licensing Manager refers documents back to the applicant. The licence applicant then has the opportunity during the review period to submit updated information to clarify or confirm a position established by its original submissions.
9. The Licensing Manager assesses the licence applicant on the basis of the reports of the expert and/or stadium infrastructure inspection visits if necessary.
 10. The Licensing Manager prepares the report for consideration of the Licensing Committee (LC). This report will contain aspects of the expert and site inspection reports and other areas including a recommendation that the Club Licence be granted or refused.
 11. LM receives management representations letter from licence applicant stating whether or not any events or conditions of major economic importance have occurred; this is to be included in a report to the LC.

6. SPORTING CRITERIA

6. SPORTING CRITERIA

6.1. INTRODUCTION

This Manual stresses the importance of a Club's Development Programme/ Policy; this is in line with the objective of the "sports rule to encourage the local training of players" that aims to promote the training of new local talent in order to safeguard the future of football.

The key importance of a Club Development Programme is that it can attract into football more and better-educated boys and girls who not only play the game but are supporters of the game. Therefore, the future of football in Northern Ireland depends largely on clubs investing in programmes that will help identify, motivate and develop footballers across the community that can eventually become professional players.

In further efforts to develop a "healthy" football/ sporting culture in Northern Ireland, it has become imperative that all licence applicants take on a more proactive stance against racism and sectarianism and must declare themselves as equal opportunity clubs that will not tolerate any form of racist, sectarian, offensive behaviour or chanting.

6.2. OBJECTIVES

The objectives of the sporting criteria are that:

- licence applicants invest in quality-driven development programmes;
- licence applicants affiliate themselves with development teams that will cater towards developing young Northern Ireland talent that will participate in IFA recognised competitions;
- licence applicants affiliate themselves with a girls and women's team that they actively support through the provision of facilities, training, equipment etc;
- licence applicants support football education and encourage non-football education of their players;
- licence applicants embrace the core values of good relations within their structures and adhere to principles that encourage and welcome diversity and equality;
- licence applicants foster medical care for their players;

- licence applicants apply fair play on and off the pitch (including a common understanding of refereeing matters among all those involved in a match such as referees, players, coaches and officials).

6.3. BENEFITS FOR LICENCE APPLICANTS

The sporting criteria have been implemented to guide licence applicants towards achieving a higher quality all round performance both on and off the field. A well structured and effective Development Programme means that licence applicants can produce football talents for their first squad every year, assist in helping to develop and promote women's and community football in Northern Ireland, foster good relations among footballers and supporters alike.

In-house development of players makes it easier for future integration into the first team squad as the player would already have been accustomed to teammates' techniques and tactics and will be familiar with club philosophy and policies. Several top clubs in Europe already boast young talents who were developed by the Club's Development Programme and now play regularly for the first team. These players are a source of pride in their communities and are crucial in respect to how the local community and/or fans identify with the players and their team.

In light of the FIFA transfer system, which was agreed upon with the European Commission, clubs which have trained players 23 and under who transfer internationally receive financial compensation and thus Clubs can receive a return on their investment in their development programme.

7. INFRASTRUCTURE CRITERIA

7. INFRASTRUCTURE CRITERIA

7.1. INTRODUCTION

The Irish Football Association and the Northern Ireland Football League have laid down their own infrastructure requirements that include certain safety elements that must be adopted. It must be noted that several basic regulations, guidelines and directives as determined by the IFA must be adhered to. Due to the large number of documents involved in the fulfilment of these criteria, care must be taken to review and apply all rules and regulations.

In an effort to standardise the quality of stadiums being used for domestic competition each stadium needs to be approved against the IFA minimum criteria which is part of the yearly licensing process. The IFA Club Licensing Unit will provide assistance, monitor any improvements and organise spot-checks where appropriate.

It is also essential that licence applicants provide an appropriate safety management system in cases of emergency and evacuation.

7.2. OBJECTIVES

The objectives of the following infrastructure criteria are that:

- Licence applicants should either have an “approved” stadium available for playing in domestic competition or have made arrangements to use another stadium that fulfils the requirements. Adherence to criteria I.01 and I.02 shall provide spectators, players, media and press representatives with well-equipped, well appointed, safe and comfortable stadiums;
- Licence applicants have suitable training facilities for their players to help them improve their football skills.

7.3. BENEFITS FOR LICENCE APPLICANTS

Licence applicants should aspire to having the best facilities possible, as accomplishing this will mean better training facilities for players and coaches, a better working environment for the licence applicant and stadium administrators and greater comfort for fans and spectators. Improvements to stadium infrastructure and conditions will no doubt help increase the number of supporters, to include women and children, that go to watch domestic games.

Licence applicants need to have stadiums that meet the highest of standards if they are to fully capitalise on the benefits of being both a recreational and commercial enterprise. A quality stadium will attract a bigger crowd therefore create greater investment opportunities for sponsors who will then provide the much needed revenue that can facilitate the continual improvement and development of the sport.

Licence applicants that are unable to meet the minimum standard set for stadium quality reserve the right to secure the use of another stadium that meets the required standards.

The Licensing Committee/ Administration reserves the right to investigate and make spot checks on the infrastructure facilities and/or supporting documentation to ensure compliance.

7.4. CHAMPIONSHIP LICENCE AND PROMOTION LICENCE CRITERIA

7.4.1. “A” CRITERIA

The licence applicant either: a) owns the stadium, or b) if it does not own the stadium, must provide a written contract with the owner(s) of the stadium or with owners of different stadia it will use. This contract must guarantee the use of the stadium for the licence applicant’s home Domestic matches during the licence season and must be based within Northern Ireland. This requirement must be read, and satisfied, in parallel with the requirements of I.02 (below). Particular emphasis must be given to ensure that the required spectator facilities (as detailed in ANNEXE D) are still satisfied as a result of assessment against the principles and requirements of the Safety of Sports Grounds (Northern Ireland) Order 2006. The stadium must be based within Northern Ireland, be approved by the IFA and fulfil all minimum requirements defined in ANNEXE D. Assessment of this criterion will be conducted as an official site inspection(s).

1.02 A STADIUM SAFETY

a) General Safety Certificate – Certificated Grounds

Under the Safety of Sports Grounds (Northern Ireland) Order 2006, any certificated ground (including a ground with one or more regulated stands) MUST be issued with a General Safety Certificate by the relevant certifying authority (i.e. district council).

A General Safety Certificate is issued for an indefinite period but should be reviewed by the relevant district council annually, or more frequently if required.

Following a review and where amendments are made by the council, an updated General Safety Certificate must be re-issued to the certificate holder. This in turn, must be promptly forwarded by the licensee/ licence applicant to the licensor. If there are no alterations, the council should re-sign and date the signature page (only) contained within the existing certificate and issue (the single page only) to the certificate holder. As above, this should be promptly forwarded to the licensor.

For certificated grounds, match planning and organisation arrangements should comply with the terms and conditions of the General Safety Certificate issued by the relevant district council. Written confirmation that the licence applicant is continuing to operate within the requirements of the legislation without any significant breaches of the terms and conditions must also be obtained from the relevant district council.

OR

b) Third-party Ground Safety Certifications – Non-certificated Grounds/ Parts of Grounds

Grounds, or parts of a ground which are not subject to certification (i.e. the part of a ground which is outside the area of the regulated stand(s) and any associated escape route from same), under the Safety of Sports Grounds (Northern Ireland) Order 2006, must provide appropriate third-party safety confirmations for the ground (or part thereof) covering structural, electrical, fire and mechanical safety. These confirmations must be on the relevant IFA issued template documentation only and must be obtained from, and approved by, suitably qualified persons who hold valid and appropriate third-party certification. Evidence of such certification must be provided.

The third-party safety confirmations should cover the period up to and including 31 May 2024 (the end of the season for which the licence is to be granted). If such confirmations are provided for a longer period of time, the additional period covered should be to 31 May of any subsequent licence season.

Where the validity period of any third-party safety confirmation does not extend to 31 May 2024, it remains entirely the responsibility of the licence applicant to ensure that an updated, current, valid third-party safety confirmation template remains on file with the Club Licensing Unit at all times.

8. PERSONNEL AND ADMINISTRATIVE CRITERIA

.....

8. PERSONNEL AND ADMINISTRATIVE CRITERIA

8.1. INTRODUCTION

The media, commercial partners, local communities and shareholders are becoming more and more involved in all affairs of football clubs. It is no longer the case that club officials are left to make decisions that are not in some way or form influenced by public opinion. It is therefore imperative that professionals are employed from various specialised fields and industries (e.g. marketing, finance, entertainment, media, etc.) to manage club affairs.

Football today is highly commercial and success on and off the pitch is becoming increasingly linked with the acquisition of highly qualified personnel. The successful clubs are the ones that have been able to identify new and different sources of revenue and are not solely dependent on traditional income from TV, gate receipts, sponsors etc.

Clubs should find their own strategy, according to their strengths, demands and marketing opportunities. They must do their utmost to achieve their sporting and commercial objectives and this can only be achieved with the introduction of qualified and competent personnel to manage football affairs.

8.2. OBJECTIVES

The objectives of the personnel and administrative criteria are that:

- licence applicants are managed in a professional way;
- licence applicants have available well-educated, qualified, proactive and skilled specialists with a certain know-how and experience;
- the players of the first team and other squads are trained by qualified coaches and supported by the necessary medical staff.

8.3. BENEFITS FOR LICENCE APPLICANTS

Professional, well-educated and experienced staff is of key importance if a licence applicant is to operate efficiently and effectively. Being professional at all levels and in all functions does not mean that licence applicants have to recruit only full-time staff but rather the focus is on staff conducting themselves in a professional manner and being able to perform the functions they are appointed for. Professionalism will also be improved if licence applicants can define clearly the functions, activities, responsibilities and the requirements for the job.

It is up to the decision-making body of the licence applicant to look for people, who meet the set requirements and to engage those candidates that fit with the defined profile (e.g. full-time, part-time and volunteer).

Qualified coaches are the basis for a successful sporting outcome; the IFA conducts coaching courses for different levels all through the year from which a corresponding diploma is awarded upon successful completion of the course.

Additional support from specialists in safety and security matters also then ensure that matches are organised as safe events.

10.1. INTRODUCTION

The financial criteria, to be met for participation in domestic competition for season 2023-24, are set out in this chapter. This means that financial information in respect of the financial year ending in 2022 will form part of the information to be assessed by the licensor for clubs to obtain a licence for the 2023-24 season.

Compliance with these financial requirements is also necessary to establish, as far as is reasonably possible, that licence applicants are sufficiently stable (financially) to participate in the top divisions of domestic competition in Northern Ireland.

The financial criteria stipulated provide a sensible and achievable level of requirements that can be met by licence applicants who wish to be eligible to compete in the top divisions of domestic competition in Northern Ireland.

The financial criteria relates to:

- Historic financial information about a licence applicant's financial performance and position;
- Future financial information about a licence applicant's future prospects; and
- Subsequent information after the licensing decision has been made.

10.2. OBJECTIVES

The financial criteria aim principally to:

- Improve the economic and financial capability of the clubs;
- Increase a club's transparency and credibility;
- Place the necessary importance on the protection of creditors; and
- Safeguard the continuity of club competitions for one season.

10.3. BENEFITS

- Increase the transparency and credibility of clubs' financial operations and of football in general;
- Improve confidence in the financial viability of the football industry;
- Create a more attractive market for the game's commercial partners and investors; and
- Provide the basis for fair competition, because competition is not just about the teams on-the-pitch but off as well.

For the licensors, the financial criteria shall help to:

- Improve their understanding of the financial position and prospects of its member clubs;
- Encourage clubs to settle liabilities to creditors on a timely basis;
- Enhance their ability to be proactive in assisting its member clubs with financial issues; and
- Provide a starting point for club benchmarking, at a national level, for those clubs who want to develop this aspect.

For the licence applicants, compliance with the financial criteria shall help to:

- Improve standards and quality of financial management and planning activities;
- Enable better management decision-making;
- Enhance clubs' financial and business credibility with stakeholders;
- Improve financial stability; enhance revenue generating ability and cost management.

11. ANNEXES

ANNEXE D – STADIUM INFRASTRUCTURE CRITERIA

FOR 1) CHAMPIONSHIP LICENCE APPLICANTS 2) PROMOTION LICENCE APPLICANTS

1. CHAMPIONSHIP LICENCE APPLICANTS

CHAMPIONSHIP LICENCE INFRASTRUCTURE REQUIREMENTS

The field of play must be rectangular and the length of the touch line must be greater than the length of the goal line. The minimum length is 90m and the minimum width is 55m.

The pitch must be level and have a good playing surface.

Synthetic Pitch Markings

Only football markings in white are permitted on synthetic grass pitches. No other sports markings are permitted.

Ground Environs

A permanent fixed wall/ fence with a minimum height of 2 metres (measured from the exterior of the perimeter) must be in place to prevent access except through the recognised entrances.

Where a deterrent (glass, barbed wire, spikes etc) is placed on the top of the perimeter, it should be a minimum height of 2.4 metres.

Pitch perimeter fences should be put in place in order to enclose the playing surface. Such fences are not required in front of spectator seating areas and must be between 0.8 and 1.2m in height. An appropriate number of access gates (opening onto the playing area) must be in place at regular intervals in the pitch perimeter fence.

The entry capacity is generally the number of people who can pass through all the entry points (e.g. turnstiles) for part of, or whole of the ground, within a period of one hour. For the purpose of calculating entry capacity, an upper limit of 660 is set. Therefore, the effect on entry capacity must be carefully considered, before opting for a minimum of four turnstiles, particularly in larger capacity venues.

Access/ egress for players and officials must be provided to ensure there is no interference whilst entering/ inside/ exiting the ground.

An admission gate for disabled persons, with a minimum width of 1.2m, be provided with ramps and a smooth, appropriate gradient where required.

Exiting Ground

In line with the Sports Grounds Safety Authority (SGSA) 6th Edition Green Guide, exit routes should provide for spectators a smooth, unimpeded passage through an exit system until they reach the boundary of the ground, or in emergency situations, a place of safety.

In order to achieve this, management should ensure that: a) there are sufficient numbers of exits in suitable locations; b) all parts of exit routes are of adequate width and height; c) people do not have to travel excessive distances in order to exit from the ground; d) provision is made for the control of spectators entering an exit system; e) all exits are identifiable in both normal and emergency conditions; f) exit times should be monitored and recorded by the management on an annual basis.

Spectator Facilities

A minimum of one male WC, 4 male urinals and one female WC must be provided solely for the use of spectators.

A disabled toilet must also be provided and may be utilised as a male/female spectator toilet provided it is suitably equipped and identified.

It is recommended that toilet provision conforms to the Event Safety Guide (Purple Guide). A disabled toilet must also be provided but does not need to be specifically for the use of spectators.

Access to Pitch for Players and Officials

A barrier with a minimum height of 1.2m be in place to safeguard the access from changing facility to playing area of players and officials.

Dressing Room Accommodation

The changing facilities for players and officials must be within the perimeter of the ground.

There must be separate changing rooms for both teams with a minimum surface area of 15sqm. Showering facilities must be integral to the changing room must be a minimum of 2sqm and must have a minimum of 4 showerheads. (Showering/ WC areas will not be considered for the purposes of calculating changing room surface area). Each changing room must also contain a WC.

The referee must have a separate changing room with a minimum surface area of 3sqm. There must be a shower and a WC within the room.

Changing rooms for players and officials must have adequate heating, be ventilated, be capable of being secured and be clean and tidy. Furthermore all floor surfaces should be non-slip and showers should be fitted with an appropriate thermostat to ensure that water temperature does not exceed 38 degrees Celsius.

Whilst floodlighting or reception facilities are not essential, any teams who aspire to gain promotion to the NIFL Premiership must be in a position to install both at short notice.

Each stadium must issue stadium ground rules and affix them to the stadium in that spectators can read them.

These rules should provide: admission rights; abandonment or postponement of events; description of prohibitions or penalties such as entering the field of play, throwing objects, use of foul or abusive language, racist behaviour etc; restrictions with regard to alcohol, fireworks, banners etc; seating rules and causes for ejection from the ground.

Ground Capacity and Spectator Accommodation

The ground must have a minimum approved capacity of 500 persons. A minimum of 100 covered seats must be available. Only individual seats with backrest will be accepted. An additional 100 covered seats/ terraced places must be available.

At existing grounds, a minimum of 5 wheelchair spaces for wheelchair spectators and their companions must be provided.

All spectator accommodation (covered seating/ covered terracing/ uncovered terracing/ covered hard standing/ uncovered hard standing) must be of sound construction of timber/ steel/ brick/ concrete/ tarmac or any combination of these materials. All spectator accommodation must be clean, functional and in good condition and should at all times afford a clear view of the pitch.

Physical alterations to existing stands should, where possible, follow the Sports Grounds Safety Authority (SGSA) 6th Edition Green Guide.

New Spectator Accommodation – at all grounds, certificated or otherwise

Any NEW spectator accommodations (i.e. seated stands or standing terrace stands, permanent or otherwise) should be constructed in line with the Sports Grounds Safety Authority (SGSA) 6th Edition Green Guide. Whilst this guidance has no statutory force, it ensures best practice.

Such accommodation must at all times hold the necessary planning permission, building control approval and satisfy any other relevant legislation.

The number of wheelchair spaces at a newly constructed ground, or any completely new section of an existing ground (i.e. seated stand or standing terrace stand) should be in line with the Sports Grounds Safety Authority (SGSA) 6th Edition Green Guide.

Regulated Stands

Non certificated venues constructing NEW spectator accommodations with an individual stand capacity in excess of 500 persons must be mindful of any applicable legislative requirements existing, or upcoming, in this respect.

Minimum Requirements/ Exception Request

The above are the minimum requirements and are subject to change in line with UEFA, Premiership and Championship licensing infrastructure requirements. Clubs should consult the Irish Football Association and the Northern Ireland Football League when undertaking ground improvements and modifications to any facilities located within the ground.

Where a venue's existing physical infrastructure may temporarily not meet all of the criteria detailed above due to ground improvements, modifications or any other reason outside the control of the venue owner/ user, an application may be made in writing for an exception request. This application from the venue owner/ user should be directed to the Chief Executive of the Irish Football Association and should detail the following:

- 1) The reason for the exception request
- 2) The duration which the deviation is required (must be no longer than 6 months)
- 3) The alternative arrangements to be proposed
- 4) All other relevant information.

For the avoidance of doubt an exception request will not be considered to facilitate promotion.

Disclaimer/ Exclusion of IFA Liability

For the avoidance of doubt, the scope of the Joint Ground Criteria is restricted to detailing the physical infrastructure and technical specification required, from a football perspective, to be in place at the respective levels of football identified. It remains entirely the full and sole responsibility of the club and/or venue owner to ensure that their facilities meet all relevant statutory, regulatory and/or common law standards of health and safety and that appropriate safety confirmations are in place at all times for all facilities in use on a match day. It is further recommended that clubs/venue owners arrange regular safety reviews conducted by independent persons with the appropriate expertise.

Clubs/ venue owners should note that the Joint Ground Criteria should not in any circumstances be construed as overriding or replacing clubs/venue owners legal, regulatory and/or other obligations, as set out in, inter alia, the Safety at Sports Grounds (NI) Order 2006, the stadium General Safety Certificate or the club's

contingency plans. Except in cases where by law liability cannot be excluded or limited, the Irish Football Association excludes all liability in respect of the contents of the Joint Ground Criteria, and the use of same, howsoever arising and whether in contract, tort, or otherwise.

To ensure that the objectivity and independence of the auditor is maintained, the Club Licensing Committee wishes to reinforce that a club Finance Officer cannot be either a partner or employee of the audit firm.

1. The auditor must audit the annual financial statements. The auditor's report must:
 - a) include a statement confirming that the audit was conducted in accordance with the International Standards on Auditing or relevant national auditing standards or practices where these comply with, as a minimum, the requirements of the International Standards on Auditing; and

 - b) be submitted to the licensor together with the interim financial statements to form a basis for the licensing decision.

3. The auditor must assess supplementary information and/or restated financial statements, if any.

This assessment must:

- a) describe the procedures prescribed by the licensor and the findings in respect of each;
 - b) include a statement confirming that the assessment was conducted by way of agreed-upon procedures according to the ISRS 4400 or relevant national standards or practices where these comply with, as a minimum, the requirements of ISRS 4400; and
 - c) be submitted to the licensor together with the supplementary information to form a basis for the licensing decision.
